Here Are Your Premiums.

With a \$1.00 order of Vegetable Seeds at Catalogue prices, any 10 cent package of Flower Seeds.

With a \$2.00 order of Vegetable Seeds at Catalogue prices, any Flower Seeds to the value of 20 cents, and so on.

SPECIAL RATES ON SEEDS IN PACKETS OR OUNCES.

This offer is by mail, postage paid by us to any postoffice in the United States.

25 cents worth of Seed free with every \$1.00 sent us for seeds in packages and ounces. Remember, in packages and ounces only.

This discount does not apply on quantities over one ounce, or where any other premium is taken.

These premiums are given only when cash accompanies order and at prices printed in this catalogue.

Important Instructions.

HOW TO SEND MONEY.

Remittances should be made by Post Office or Express Money Order, Bank Draft or Registered Letter. Postage stamps will be received for small amounts. Remittances in any other way at sender's risk.

BE SURE TO SIGN YOUR NAME

And give Post Office and State. And to avoid mistakes, do not write letters on the same sheet with the order.

SEEDS POSTPAID BY MAIL.

We can send all vegetable and flower seeds in quantities of one pound or less by mail, postpaid, to any Post Office in the United States at the prices named in this Catalogue, unless otherwise stated.

PREPAY STATIONS.

When you send in orders to go by freight or express be sure that you add money enough to pay freight charges if your station is a prepay, which is always where there is no regular agent.

LARGE ORDERS.

Any dealer, market gardener, institution or individual wishing seed in large quantities is requested to mail us a list of what is wanted, and we will promptly return it, with the very lowest market price. A LETTER OF INQUIRY MAY SAVE YOU DOLLARS if you want to buy in quantity.

We use every precaution in procuring fresh, pure and reliable seeds, but it will not be possible for us to hold ourselves responsible for the growth, yield or failure of the crop in any respect. If our goods are not accepted on those terms they must be returned at once.

OUR STOCK.

We have in stock in the different seasons, a complete stock of the most **Reliable Seeds** to be bought or grown in the world. We will not buy seeds because they are cheap but because they are **good**. Our operating expenses are less than some of the large dealers, and for that reason we are able to make closer prices and not lower the quality of the goods.

Our seeds gave the very best of satisfaction the past season and we have been very careful in selecting the stock for this year's trade.

We offer our stock, satisfied that we can recommend it.

In **Spray Material**, we are handling the best lines to be had on the market. We have not bought any stock simply because some dealer had it for sale, but because tests have shown that it did the work, **better** than any other article on the market.

Our stock of **Poultry Supplies** is larger than ever and we are making lower prices than ever made in this city.

Our **Feed Department** is the largest part of our business, and you will find us prepared to fill your orders of any size. Having the largest trade and ample warehouse room, we buy in large lots and secure the lowest prices the market affords. You secure the benefit by trading with us.

Thanking you most sincerely for past favors, and wishing you a happy and prosperous season, we are. Yours very truly,

D. A. WHITE & SONS

BULK SEEDS.

Remember we handle only bulk seeds, no old package seeds to work off, but our entire stock is fresh, clean and pure and true to name.

In buying package seeds, you never know how old the seeds are, as the dealer sends the same package out year after year until sold.

Buy our seeds in bulk and insure your crop.

~~See~~ Compare our prices with other dealers ; we know the quality is as good and usually better.

VEGETABLE SEED

DEPARTMENT

ASPARAGUS.

CULTURE—Soak the seed 24 hours in warm water, and sow in drills one foot apart. Keep the soil mellow and free from weeds. After one year's growth, transplant into permanent beds. Use plenty of manure.

Columbia Mammoth White. The stalks are white, of the largest size, very productive and early. Pks. 5c.; oz. 10c.; lb. 75c.

Artichoke—**LARGE GREEN GLOBE**—The variety used as a table vegetable. The edible portion is the thick end of the leaf of the flower head. Sow early in drills one foot apart, and when about ten inches high transplant into rows four feet apart each way. It will produce only a small crop the first year but will continue in good bearing five years. Cut before the buds opens. Pkg. 5c.; oz. 35c.

BEANS—Dwarf or Bush.

CULTURE—The soil best adapted for growing Beans is a light, rich, well drained loam, which was well manured for the previous crop. If the ground is too freshly manured the plants are apt to run to vines and set few blossoms. Plant in drills about two inches deep and from eighteen inches to two feet apart, as soon as the ground is dry enough. Beans are very sensitive to cold and wet before they have sprouted, but are not so liable to be damaged after they are above ground.

Wax or Yellow Podded Kinds.

 When ordering Beans by mail add 10c. per pound for postage.

EXTRA EARLY CHALLENGE WAX. Extremely early, about a week in advance of any other variety. Per lb 15c.

GOLDEN WAX. A standard variety, the pods are stringless, very tender and excellent. Per lb. 15c.

DAVIS WAX. A hardy, rustless and very productive variety. Per lb. 15c.

Pole Wax Beans.

EARLY GOLDEN CLUSTER WAX. An early and beautiful variety. Pods six to eight inches long and of superior quality. Per lb. 15c.

Dwarf or Bush-Green Podded Kinds.

EXTRA EARLY RED VALENTINE. Has no superior among the green-podded kinds, Per lb. 10c.

EARLY LONG YELLOW SIX WEEKS. A standard variety. Vines vigorous and productive. Per lb. 10c.

255 Commercial Street, Salem, Oregon

STRINGLESS GREEN POD. One of the very best green beans on the market. A favorite for gardeners. Per lb. 15c.

Green Pod Pole Varieties.

WHITE CREASE BACK. Vines not large, but very productive. The pods are round, fleshy and of superior quality. Per lb. 15c.

KENTUCKY WONDER. Pods long and very tender. Fine for canning. Per lb. 15c.

DUTCH CASE KNIFE. Produces large, flat pods that are excellent for snaps cut young. Also used green shelled or dry. Per lb. 15c.

LAZY WIFE. A heavy yielder. Pods four or five inches long and of rich flavor. Per lb. 15c.

SCARLET RUNNER. A rapid grower, cultivated both for its beautiful scarlet blossoms and for table use. Per lb. 20c.

Lima Beans.

BURPEE'S BUSH LIMA. Beans large and of very fine quality. Per lb. 15c.

HAMPION BUSH LIMA. Beans very large and early. The best quality for this valley. Per lb. 15c.

POLE LIMA. The favorite pole variety. Per lb. 15c.

CASTOR BEANS. Used for medicinal purposes and claimed to keep moles away. Per lb. 25c.

Field Beans.

OREGON TREE BEANS. Considered the best for this climate, a heavy yield, and all ripen at the same time. Per lb. 10c.

ROYAL WHITE KIDNEY. This bean is large, long, slightly curved and pure white. Early and a heavy cropper. Per lb. 10c.

Gardeners who buy Beans in large quantities should write for special prices.

BROCCOLI

Broccoli is very much like Cauliflower in general appearance and growth, but is hardier and will stand more cold and frost. Produces fine heads from late in the fall until early spring, according to time plants are set out. It is a very profitable crop and is now being planted extensively. Culture, same as for Cauliflower.

ST. VALENTINE—NEW. The finest quality of all Broccoli. This new English Broccoli is a winter variety of great merit, coming in about the middle of February. We do not mean the end of March, as is too often the case with so-called winter Broccoli. This variety produces large, handsome, firm, solid, white heads that remain in good condition longer than any other sort. A novelty of great value. Pkt., 15c.; $\frac{1}{4}$ oz. 75c.; oz. \$2.50.

Large White French.

A valuable variety, with large, white heads, firm and of good flavor. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.00

BEETS—For Table Use.

CULTURE—The Beet is hardy and may be planted as soon as the ground can be well prepared, doing best in rich, sandy soil, sown in rows sixteen inches apart, covered one and one-half inches deep. The seed will sprout better if soaked twenty-four hours in warm water before planting. Thin out by using the largest ones when they are of sufficient size, continuing until they are six to eight inches apart in the row. For field crop, the rows should be far enough apart to permit the use of a horse cultivator.

Beet Seed.—There is no crop where the quality of the seed used is of more importance than this. Our stock is raised by the very best growers, and we supply only the choicest strains. Prices oz. 5c.; $\frac{1}{4}$ lb. 15c.; 1 lb. 50c. post paid.

IMPROVED EARLY BLOOD TURNIP. Excellent for summer and autumn use.

EXTRA EARLY EGYPTIAN. Fine for forcing, and very early. A favorite of market gardeners.

EARLY ECLIPSE. Very popular and one of the best early sorts.

LONG SMOOTH DATK BLOOD. The leading late variety, keeping well all winter.

STOCK BEETS AND MANGLES.

If wanted by mail, add 10c. per lb. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; 1 lb. 25c.

MAMMOTH LONG RED. Grows to a very large size. The most popular kind and a heavy yielder.

GOLDEN TANKARD. Best for dairy farming.

YELLOW GLOBE. Roots immense size and fine shape. Well adapted to shallow lands.

FRENCH SUGAR BEET. The most popular variety grown. Excellent for feed.

NEW MANGLE HALF SUGAR. Roots large and very fine for stock feeding.

BULBS AND FLOWER SEEDS

We issue a bulb list in season. Our stock of flower seeds is large, but on account of room do not list.

BRUSSELS SPROUTS

The plants, which are very hardy, grow two or three feet high, and produce, from the sides of the stalk, numerous little sprouts, which resemble very small cabbages, one or two inches in diameter. The leaves should be broken down in the fall, to give the little heads more room to grow. They should be treated in all respects like winter cabbage or kale.

Dwarf Improved.

A carefully grown strain, very hardy, and giving compact, round sprouts, of large size and good quality. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

COLLARDS

Used as greens. As the leaves are pulled off others grow in their places. Pk. 5c.; oz. 15c.

CRESS

CURLED, OR PEPPER GRASS. Used as a salad dressing. Pk. 5c.; oz. 10c.

WATER CRESS. To be sown only in water. Pk. 5c.; oz. 35c.

CHICORY

LARGE ROOTED, OR CHICORY. The best kind. Pk. 5c.; oz. 10c.; lb. 75c.

CELERIAC, OR TURNIP-ROOTED CELERY. Pk. 5c.; oz. 15c.

CAULIFLOWER

CULTURE—The Cauliflower succeeds well in any soil where cabbage will grow. It delights in a rich soil and abundance of water. By sowing the early varieties in a hot-bed in February or March, or later in a cold frame, fine heads can be obtained quite early. For a later supply sow seed in a prepared bed in

May, choosing a cool, moist place. When large enough, transplant, making the rows about two and a half feet apart and eighteen inches between the plants. planting should be done in moist weather. In dry seasons the crop must be watered.

D. A. White & Sons, Feedmen and Seedmen

EARLY SNOWBALL. Selected stock. This is the finest strain of seed to be obtained. It will produce large, solid, white heads that bring big profits. Pk. 5c.

10c., 25c.; $\frac{1}{4}$ oz. 75c.; oz. \$3.00.

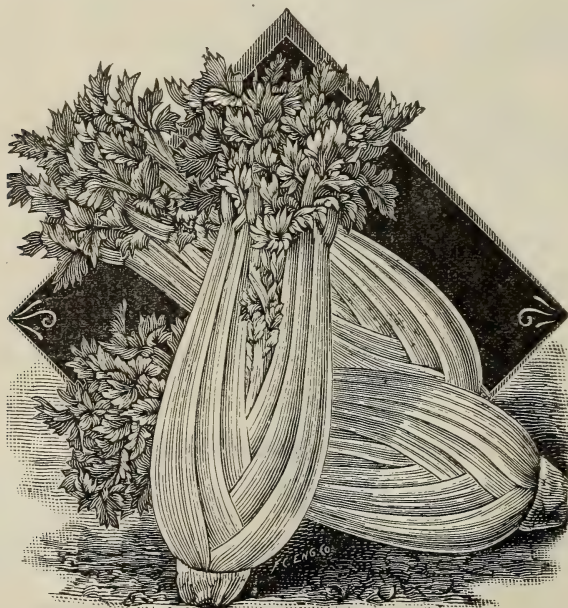

Large Algiers

A valuable, late sort, sure to head, of the best quality and very popular with market gardeners everywhere. Plants large, but of upright growth, the leaves protecting the heads so that they will endure, uninjured, a frost that would ruin other sorts. One of the very best of the late varieties. Pk. 5c.; oz. 80c.

CELERY

CULTURE—Sow the seeds early, in a hot-bed or cold frame. As soon as the plants are three inches high, transplant in a prepared border, setting them four inches apart. When grown six inches, and fine, stocky plants, set in richly manured, deep soil, in rows three and a half feet apart, and about nine inches from

plant to plant. Water, if dry weather follows transplanting. During the next two months all the attention that is required is to keep down the weeds. Afterwards, earth up a little, and continue doing so at intervals until only the tops of

the leaves are visible late in autumn. Never hoe up the earth when the plants are wet. One ounce of seed produces about two thousand plants.

WHITE PLUME. The leading white celery. A handsome, crisp sort, of very easy cultivation. Pk. 5c.; oz. 15c.; lb. \$1.75.

GOLDEN SELF BLANCHING. The best celery for early market use. Easily blanched. Pk. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 90c.

GIANT WHITE SOLID. White, crisp, tender. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.

CABBAGE

EARLY JERSEY WAKEFIELD. The favorite early cabbage with market gardeners. Heads are of good size, solid and a sure header, and always gives satisfaction. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

EARLY DRUMHEAD. Heads flattened. A good keeper. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

SURE HEAD. A favorite with many. Certain to head. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

SUCCESSION, OR ALL SEASONS. Heads large, slightly flattened. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

EARLY YORK. Small but very early. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.35.

EARLY SPRING. The earliest flatheaded variety. A very popular sort. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

EARLY WINNIGSTADT. Conical, solid heads and a fine keeper. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.50.

HENDERSON'S EARLY SUMMER. The head is round and the largest of the early kinds. Firm and of the best quality. Pk. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

EARLY FLAT DUTCH. Firm, fine-grained and tender. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

CHARLESTON, OR LARGE WAKEFIELD. Larger and a little later than the Jersey Wakefield. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

Late Cabbage

PREMIUM LATE FLAT DUTCH. Considered the best late cabbage for all purposes. A sure header. Pk. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.50.

PREMIUM LATE DRUMHEAD. Has no superior for family or market purposes, either for medium early, or late purposes. Pk. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.50.

HOLLANDER or DANISH BALL HEAD. Head of medium size, round and very solid. The finest cabbage ever sold on the market. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

AUTUMN KING, OR WORLD BEATER. A sure header, very solid, fine grained and tender. Pk. 5c.; oz.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

SAVOY. Tender and excellent. Rich flavor. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.50.

CARROTS

CULTURE—While a sandy loam, made rich by manuring the previous year, is the best soil for the carrot, any good land, if thoroughly and deeply worked, will produce satisfactory crops. When it is possible to do so it is advisable to sow as early in the spring as the ground is fit to work, though good crops may, in this

latitude, be grown from sowing as late as June 15; but one is less certain of good crops from such late planting. For table use, sow the smaller kinds as early as practicable in rows 16 to 18 inches apart, and for field culture prepare the ground thoroughly and sow in drills 18 to 24 inches apart, using from one and one and a half to three pounds to the acre, according to the distance between rows. Cover one-half to one inch deep and see to it that the soil is well firmed above the seed.

If wanted by mail, add 10 cents per pound.

CHANTENAY. The market gardener's favorite. Color, deep orange. Flesh very crisp and tender. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 60c.

DANVER'S HALF LONG. The smooth, handsome roots are orange, of medium length. A very heavy yield and a fine feed. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 60c.

OX HEART. A thick carrot, five or six inches long and very blunt at lower end. A favorite of market gardeners. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 60c.

LONG ORANGE. One of the best kinds for stock feeding. A heavy yielder. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 60c.

LARGE WHITE BELGIAN. Grown for stock feeding. Very productive. Grows much above the ground. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 50c.

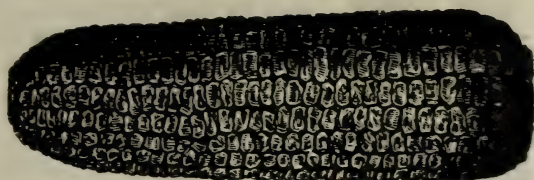

LARGE WHITE MASTADON. Grows to a large size and makes a fine feed. Produces the largest crop of any carrot. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 50c.

YELLOW GIANT. The earliest and most productive stock carrot known. Pk. 5c.; oz. 10c.; lb. 75c.

CORN

If wanted by mail, add 10 cents per pound.

All sweet corn is 10 cents per pound in small lots, unless otherwise marked.

Special prices in quantity.

EARLY WHITE CORY. Most popular early corn.

EARLY MINNESOTA. This old and well known variety is one of the best for the market and garden.

EARLY MAMMOTH. Very large ears, sweet and tender and very early.

GOLDEN WEST. New. The sweetest and richest corn ever grown. Price per pound 20 cents.

PEEY O'DAY. Ten days earlier than any other sweet corn. Per lb. 20c.

COUNTRY GENTLEMAN. A fine medium variety; very sweet and tender.

EARLY EVERGREEN. The best second early variety.

STOWELL'S EVERGREEN. Remarkable for remaining green a long time; the best late variety.

BLACK MEXICAN. Sweet and delicious. Fine for home use.

Field Corn

OREGON YELLOW DENT. We make a specialty of Oregon seed corn and have the largest trade in the state. If you want a corn to ripen secure some of our acclimated seed. lb. 3c.; 100 lbs. \$3.00.

PRIDE OF THE NORTH. OREGON. A fine variety for the valley. Yield heavy and makes an abundance of fodder. lb. 3c.; 100 lbs. \$3.00.

PRIDE OF THE NORTH. EASTERN. The best variety for ensilage. lb. 3½c.; 100 lbs. \$3.50.

KING PHILLIP. An early red corn. Well acclimated. lb. 4c.; 100 lbs. \$3.75.

In ordering by mail, add 10c. per lb. for postage. Prices in quantity on request.

EARLY CANADA. An early flint corn. lb. 4c.; 100 lbs. \$3.75.

POP CORN. For seed lb. 10c. Also have corn for popping.

CUCUMBERS

CULTURE—Cucumbers need a warm, sandy soil, and should not be planted in open ground until the weather is settled and warm, as otherwise they will not thrive. Plant in hills four feet apart each way, thinning to three or four of the strongest plants, after danger from insects is passed. Sprinkle the young plants

D. A. White & Sons, Feedmen and Seedmen

with fine ashes, plaster or air-slaked lime, to protect them from bugs. As fast as the cucumbers attain suitable size they should be taken from the vine, whether required for use or not, as their ripening soon destroys the vine's fruitfulness. The fruit should be shaded, as exposure to the sun causes the flesh to become bitter and tinted with green. When preparing cucumbers for the table all flesh so affected should be removed.

EARLY SHORT GREEN, OR EARLY FRAME. An excellent sort for both table use and pickling. Pk. 5c.; oz. 10c.; lb. 80c.

EARLY CLUSTER. The early variety. Very productive. Pk. 5c.; oz. 10c.; lb. 80c.

BOSTON PICKLING. A very distinct variety. Popular for pickling. Pk. 5c.; oz. 10c.; lb. 80c.

PEERLESS WHITE SPINE. One of the best for table use. Pk. 5c.; oz. 10c.; lb. 80c.

BEST LONG GREEN. The leading large variety. Fruit ten to twelve inches long, dark green, crisp and tender. Pk. 5c.; oz. 10c.; lb. 90c.

Endive

Endive. Green Curled. Standard sort. Pk. 5c.; oz. 15c.

Egg Plant

EARLY LONG PURPLE. The earliest and hardiest. Pk. 5c.; oz. 30c.

Kale

DWARF GREEN CURLED. Leaves curled and bright green. Pk. 5c.; oz. 10c.

THOUSAND HEADED. Grows very large. Used mostly for stock feeding. Pk. 5c.; oz. 10c.; lb. 60c.

Kohl Rabi

Early White. Best table variety. Pk. 5c.; oz. 15c.

LETTUCE

SIMPSON'S EARLY CURLED. A leading market variety. Very tender. Pk. 5c.; oz. 10c.; lb. 75c.

EARLY PRIZE HEAD. One of the very best kinds for the garden. A large loose head, tender and crisp. Pk. 5c.; oz. 10c.; lb. 80c.

HANSON. The leading head variety. Crisp, tender and well flavored. Pk. 5c.; oz. 10c.; lb. 80c.

GRAND RAPIDS. The best early kind for forcing. A favorite of gardeners. Pk. 5c.; oz. 10c.; lb. 90c.

255 Commercial Street, Salem, Oregon

BROWN DUTCH. Outer leaves tinged with brown. Pk. 5c.; oz. 10c.; lb. 80c.

WHITE PARIS COS. A distinct variety, forming oval, upright heads. It is hardy, tender and crisp. Pk. 5c.; oz. 10c.; lb. 90c.

LARGE DRUMHEAD. One of the largest heading kinds, but the heads are not so solid as the Hanson or Deacon. Pk. 5c.; oz. 10c.; lb. 90c.

NEW CRISPETTE. Crisp, tender, sweet and melting. Pk. 5c.; oz. 15c.; lb. \$1.50.

LEEK

LARGE ROUEN. The favorite variety. Pk. 5c.; oz. 15c.

MUSTARD

SOUTHERN GIANT CURLED. Pk. 5c.; oz. 10c.; lb. 60c.

WHITE ENGLISH. Leaves mild, tender when young. Pk. 5c.; lb. 25c.

If wanted by mail, add 10 cents per pound.

MUSHMELONS

All muskmelons, per pk. 5c.; oz. 10c.; lb. 90c. Post Paid.

ROCKY FORD or NETTED GEM. Flesh thick, green, very sweet and highly flavored.

SMALL GREEN NUTMEG. The flesh is green, fine and very sweet.

MILLER'S CREAM. The flesh is a rich salmon color, very sweet and highly flavored.

EARLY HACKENSACK. Flesh green and delicious.

LARGE YELLOW CANTALOE. Salmon color, rich and sweet.

WATERMELONS

Fordhook Early. A fine extra early melon.

Cole's Early. Sweet and delicate in flavor.

Phinney's Early. Very sweet, tender and crisp.

Sweet Heart. A handsome melon. Fine for market.

Ice Cream, or Peerless. A most delicious melon for home use.

Hungarian Honey. Small but excellent quality.

Kleckley's Sweet. Flesh of extra fine quality.

Citron. For preserving only.

Price per oz. 5c., lb. 50c. Post Paid, 60 cts. a lb.

ONIONS

Onion Seed—Short Crop. The 1906 crop of onion Seed is the shortest ever reported. Onion Seed Growers both East and West, as well as Foreign, all report

D. A. White & Sons, Feedmen and Seedmen

the same—"Crop almost a failure." Contract orders will all be filled very short and the prices have necessarily advanced considerably. We have placed our prices as low as possible, in fact, so low that we doubt if we will have enough seed to run us through the season. You better buy early. Onion Seed offered this year at last year's prices will certainly be old seed. Choice, new seed cannot be bought at less than prices attached below.

Oregon Yellow Danvers. This is the favorite onion for Oregon, producing the largest crops on the best grade of onions on the market. Our seed is the best seed grown in the state. Pk. 5c.; oz. 15c.; lb. \$1.75.

Yellow Danver. The old standard variety. Pk. 5c.; oz. 15c.; lb. \$1.75.

Yellow Globe Danvers. A very handsome, round or globe shaped variety, of large size with thin yellowish skin, white flesh, fine grained, mild, very firm, and the best of keepers. It ripens early and sells readily at the highest prices. Pk. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

White Globe. Fine, rich and sweet. Pk. 5c.; oz. 15c.; lb. \$1.75.

Silver Skin, or White Portugal. A good variety for family use. Mild flavor. Pk. 5c.; oz. 15c.; lb. \$1.75.

Red Wethersfield. A standard red variety, a fine shipper. Pk. 5c.; oz. 15c.; lb. \$1.75.

Australian Brown. Matures early, ripens uniformly, and will keep longer than any other onion. Pk. 5c.; oz. 15c.; lb. \$1.75.

Prize Taker. Large and fine flavored. Pk. 5c.; oz. 15c.; lb. \$1.75.

Onion Sets.

Bottom Sets. Small, yellow sets. Market Price.

Okra or Gumbo

Long, green pods. Pk. 5c.; oz. 10c.

Parsley

Used for flavoring soups, meats and for garnishing. Pk. 5c.; oz. 10c.

Parsnips

Hollow Crown. Root white, very tender, with a smooth, white skin. Pk. 5c.; oz. 10c.; lb. 40c.

PUMPKINS

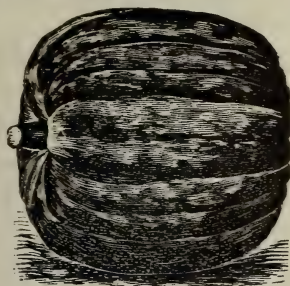

Large Yellow, or Connecticut Field. A large round variety, depressed at the ends. A popular kind. Oz. 5c.; lb. 40c.

Large Sweet Cheese. Fine for a pie pumpkin. Oz. 5c.; lb. 50c.

Tennessee Sweet Potato. Pear shaped, flesh thick, cream white, and of excellent flavor. Pk. 5c.; lb. 90c.

Sweet, or Sugar

A handsome and productive small Pumpkin, 10' to 12 inches in diameter, round-flattened, skin orange; flesh deep yellow, fine grained and very sweet. Oz. 5c.; lb. 60c.

Peppers

Ruby King. Large, bright colored, sweet, and of mild flavor. Pk. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.

Chili. A small scarlet pod. Pk. 5c.; oz. 20c.

GARDEN PEAS

Price per pound 10 cents,

If wanted by mail, add 10c. per pound for postage.

Special prices on application if quantity is wanted.

Early Varieties

Alaska. Earliest and best of the smooth varieties. A favorite for gardeners.

Nott's Excelsior. The best early dwarf pea. The most desirable sort for the gardener and unexcelled for the home garden.

American Wonder. The earliest of the wrinkled sorts. A great favorite for family use. Peas tender and very sweet.

Premium Gem. One of the earliest dwarfs, green wrinkled varieties.

Gradus. A new variety of excellent quality. Pods very large. A favorite of market gardeners.

Second Early Varieties

Veitche's Perfection. The very best late or medium pea in cultivation. Pods large, peas tender and very sweet. Fine for canning.

Stratagem. Pods very large, filled with peas of fine quality.

The New Icicle Radish. A very tender white variety, crisp and sweet. Pk. 5c.; oz. 10c.; lb. 60c.

RHUBARB or PIE PLANT

CULTURE—Rhubarb succeeds best in deep, rich, somewhat retentive soil. The richer its condition and the deeper it is stirred the better. Sow in drills an inch deep, and thin out the plants to six inches apart. In the fall transplant the young plants into very highly manured and deeply stirred soil, setting them four to six feet apart each way, and give a dressing of coarse manure each spring. The stalks should not be plucked until the second year, and the plant never allowed to exhaust itself by running to seed.

Victoria, or Mammoth

Very large; finest cooking variety. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.; lb. \$1.50.

SQUASH

Summer Varieties

Sweet Russian. Most excellent for table or stock; sweet and rich. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 50c.

New Mammoth Blackberry

This wonderful, new Blackberry which was introduced as a novelty several years ago, has proved to be a grand addition to the list of blackberries. The handsome, large, juicy berries and delicious.

This new Blackberry is claimed to be a cross between the wild blackberry and the Crandall's Early. Grows entirely unlike any other blackberry plant known. It is a rampant grower, trailing on the ground, and under favorable conditions will grow twenty feet in a season; the canes are large, of deep red color when exposed to the sun; the foliage is large, thick, of a deep green color. It is enormously productive and exceedingly early, ripening three weeks before other cultivated kinds, thus bringing fancy prices. Fruit is enormous, specimens measuring $2\frac{1}{2}$ inches long; seeds small, soft and abundant; cores small, soft. In size and flavor it is said, by those who have tested it, to surpass all other varieties of blackberries. We offer it to the public, feeling that it is a novelty of real merit. Prices; each 10c.; per 10, 75c.; per 100, \$6.00.

LOGAN BERRY

(Raspberry - Blackberry)

This comparatively new berry is becoming more popular each year. Prices; each 10c.; dozen 75c. per 100, \$5.00.

STRAWBERRY PLANTS

Orders taken for all the leading varieties. Our prices are very low and the plants the best on the market.

Cabbage, early or late kinds, per doz. 10c; per 100, 50c

Cauliflower, early or late kinds, per doz. 10c; per 100, 50c.

Celery, leading kinds, per doz. 10c; per 100, 50c.

Tomatoes, choice kinds, per doz. 15c; per 100, \$1.00.

Pepper Plants, per doz. 15c; per 100, \$1.00.

If wanted by mail, add 25c. per 100 plants on tomatoes, add 40c. per 100,

Asparagus Roots. Good strong two year old roots, per doz. 15c.; per 100 \$1.00; by mail, 1 doz. 25c.; per 100, \$1.50.

GRASS and CLOVER SEEDS

Grass seed prices are always changing, therefore we cannot print prices good for any length of time. When ready to buy write us for special prices or order what you want at catalogue prices. We will ship seed to cover the full amount of money sent at the market price of that day. If wanted by mail, add 10c per lb.

Alfalfa. Alfalfa is past the experiment season and is a decided success. We handle only the very best quality of seed to be obtained. Sow from 15 to 25 lbs. to the acre., per lb. 17c; 100 lbs. \$16.50.

Dry Land Alfalfa. This is genuine dry land alfalfa and has been raised without irrigation and will usually make a better stand on the hills than the common alfalfa. per lb. 18c; 100 lbs. \$17.50.

Red Clover. The standard clover for all purposes for hay, pasture or soiling. We have some very select seed this season. Per lb. 12c.; 100 lbs. \$12.00. Sow about 10 to 12 lbs. to the acre.

Alsike Clover. A hardy variety which is growing in favor. Makes a fine hay and is also suitable for wet lands not adapted to Red clover. Per lb. 13c; 100 lbs. \$13.00. Sow about 7 lbs. to the acre.

White Dutch Clover. A small variety having a white blossom. Makes a very fine pasture. Is used a great deal for lawns either alone or mixed with Blue Grass. For pasture sow about 6 lbs. to the acre; for lawns, about 20 lbs. if alone.

Timothy. This is the most valuable of all grasses for hay. Sow early in the fall or spring at the rate of 12 to 15 lbs. to the acre.

Orchard Grass. One of the most valuable of the pasture grasses either alone or with red clover. Very productive and stands close pasturing. Per lb. 15c; 100 lbs. \$15.00. Sow 15 lbs. to the acre.

English Rye Grass. A strong growing, hardy perennial grass, noted for its nutritive qualities. Is equally valuable for hay and pasture and will succeed on any good, tillable land. Per lb. 8½c.; per 100 lbs. \$8.00. Sow 15 lbs. to the acre.

Italian Rye Grass. A quick growing grass, attaining a height of 2½ to 4 ft. Thrives best on soil that is moist and will stand considerable overflow. Sow 15 to 20 lbs. to the acre. Price per lb. 9c.; 100 lbs. \$8.50.

Red Top. Fancy Clean Seed; A good perennial grass; Sown for pastures; Sow 12 lbs. to the acre: Per lb. 13c; 100 lbs; \$12.50.

Mesquite Seed, a Popular Pasture Grass. May be sown on land that has been burnt over. Sow 15 lbs. to the acre. Per lb. 7c; 100 lbs. \$6.00.]

Kentucky Blue Grass. Makes a fine pasture. Used largely for Lawns and makes a very fine lawn. Sow for pasture, 15 lbs. to the acre. For lawns, 80 lbs. to the acre.

Creeping Bent Grass. Used for lawns. Per lb. 30c.

FARM and FIELD SEEDS

This is a specialty with us and we usually carry a complete stock. We do not quote prices in this catalogue but will be glad to do so if you will send us a list of what you want and the quantity.

Seed Wheat. Write for prices and samples as our stock varies so much that we can not list each variety.

Seed Oats. We have in stock both the winter and spring oats. Samples and prices on application.

Price 25 cents

FERTILIZERS

Directions: The best results from the use of commercial fertilizers will be derived by those who apply them in the early spring. It is very desirable that they be well mixed with the soil, otherwise they cannot be reached by the roots. No positive rule as to quantity can be given. The average amount is 300 to 500 pounds per acre, but market gardeners often use three or four times that amount and find it pays.

No. 1. Complete Fertilizer. An all-around fertilizer for ordinary farm and garden products. Contains high percentages of fertilizing properties and is highly satisfactory to all who use it. Analysis: Nitrogen 2 per cent, phosphoric acid 6 per cent, potash 8 per cent. Price per 100 lbs. \$2.00; 500 lbs. \$9.75; 1000 lbs. \$18.50; ton \$36.50.

No. 2. Vegetable and Root. Use this fertilizer on all garden and root crops. Highly recommended by market gardeners. It is much richer than No. 1, and is the best fertilizer on the market for potatoes. Analysis: Nitrogen $3\frac{1}{2}$ per cent, phosphoric acid 7 per cent, potash 9 per cent. Price: per 100 lbs. \$2.50; 500 lbs. \$12.00; 1000 lbs. \$23.50; ton \$46.50.

No. 4. Fruit Fertilizer. This excellent fertilizer is made expressly for fruits. Its use for fruit trees, vines and shrubs of all kinds will be followed by a great improvement in the quality and increase in quantity. It lasts for several years, and is far better for the plant or tree than manure, and gives greater returns. Analysis: Nitrogen 2 to 3 per cent, phosphoric acid 7 per cent, potash 9 to 10 per cent. Prices, per 100 lbs. \$2.25; 500 lbs. \$10.50; 1000 lbs. \$19.50; ton \$38.50.

No. 5. Diamond Lawn Fertilizer. Odorless. A fertilizer which we have found to be never failing in inducing a rapid and rich green growth to the lawn. It meets the wants of hundreds of patrons who desire a clean, portable and convenient lawn dressing. Fifty to 100 pounds is sufficient to go over a city lot, or double for forming a new lawn. Remember, it contains no weed seeds, like barnyard manure. Prices 25-lb. sack 80c, 50 lb. sacks \$1.25; 100 lb. sack \$2.25.

Pure Bone Meal. Animal bone finely ground is one of the very best and most economical fertilizers, especially at present low prices. A most valuable enricher of the soil, and crop producer. Our stocks are absolutely pure. 100 lbs. \$1.75; ton \$31.50.

Land Plaster or Gypsum. Made from pure gypsum, absolutely free from clay, sand or other foreign matter, 90 per cent pure. For a first-class fertilizer at a low cost, the "Oregon Land Plaster" is not equaled. Especially valuable, and will have

D. A. White & Sons, Feedmen and Seedmen

a marvelous effect on clover and all grass crops. 100 lb. sack 75c; $\frac{1}{2}$ ton \$7.00; ton \$13.50.

Fish Guano. This is the very best quality of guanos, containing high percentages of nitrogen, phosphoric acid and other fertilizing qualities. 100 lbs. \$2.00; ton \$37.50.

Nitrate of Soda. Per 100 lbs. \$3.25.

Muriate of Potash. lb. 3 $\frac{1}{2}$ c; 224 lb. sack \$6.75.

Spray Materials

We carry the largest stock of the best and most reliable sprays in the city and you will find that the prices are the lowest that can be made on first class goods. You do not want to use anything but first-class spray material as it is money thrown away to use poor stuff.

Phoenix Sulphur and Lime Liquid Spray

Best By Test

Winter spray for San Jose scale, etc.

Ingredients, Sulphur and lime.

The lime and sulphur spray is now recognized as the sovereign remedy against the San Jose scale.

As the spray has only to be diluted with water to make it ready for use it will appeal to all orchardists on account of the ease with which it can be handled.

We want you to read the following from Prof. A. B. Cordley, the best authority in the state as to the results from its use:

STATE AGRICULTURAL COLLEGE AND EXPERIMENT STATION.

Corvallis, Or., September 7, '06.

David M. Dunne & Co., Portland, Or.

Dear Sirs: In reply to your letter of the 4th inst. I am glad to be able to report that the results obtained from the use of your Phoenix spray were very satisfactory indeed.

I tested it by diluting one gallon of spray with ten gallons of water, also by diluting one to fifteen. The diluted sprays were applied thoroughly in February, to trees that were simply incrustated with scale, and even the weaker solution has apparently completely eradicated the pest from sprayed trees.

A final examination made about two weeks ago fails to reveal any living scale upon either fruit or leaves. So far as I am able to tell at present, the trees are perfectly clean. Yours truly,

(Signed) A. B. Cordley.

That is certainly a strong recommendation and shows what it will do.

Directions for Using Phoenix Sulphur and Lime Liquid Spray

Dilute one part of Phoenix Sulphur and Lime Liquid Spray with twelve parts of water and apply during the months that the leaves are off the trees. It is well to

255 Commercial Street, Salem, Oregon

add a small amount of lime to the diluted spray so that the operator may note where the spray has touched the tree and thus make a thorough application. Prices are as follows. 1 gal. in bulk, 30c. with can 35c; 5 gal. in bulk \$1.40, with can \$1.60; per barrel \$11.50.

All who used the Liquid Lime and sulphur spray in past seasons are well pleased as it has never failed to do the work. Nearly all orchardist of this vicinity are using it this year. We sell it cheaper than you can make it.

Arsenate of Lead

We usually have in stock, Disparene, Rex, or Eagle brands.

The great summer spray. Arsenate of lead is the great spray for codlin moth the canker worm, caterpillars, grape insects, rose bugs, etc.

It is the specific remedy against all leaf eating insects. Arsenate of Lead is a most concentrated form of arsenical poison, put up in the shape of a heavy, dense, white paste, which mixes well with water, although it is not soluble. Its complete insolubility makes it perfectly safe to apply at any strength without burning the foliage. In this and its great adhesive qualities, lies its superiority to Paris Green and other insecticides. It is mixed with water at the rate of two or more pounds to fifty gallons and applied as a spray. Full directions on each package.

Arsenate of Lead is put up in cans and kegs, tightly sealed, in the following sizes and prices. Subject to market changes.

1 lb. can,	25c.	10 lb. can	\$1.80	100 lb. kegs	\$15.00 and \$16.00
2 " "	50c.	20 " "	3.50		according to brand used
5 " "	\$1.00	25 " "	4.25		

SULPHUR

For those who desire to make their own spray, we carry a good grade of ground sulphur. Prices, lb. 5c; 10 lb. lots at 4c a lb; 100 lbs. \$2.50; subject to market changes.

LIME

We carry a good grade of lime for spraying purposes at market prices.

BLUESTONE

The best grade for spraying at the market prices.

BLUE LABEL SLUG DESTROYER

This is the first powder of its kind that we have ever found to kill slugs and keep them away from young plants. Put up in 25 and 50c. packages.

Sprayers

Leader. Cut No. 262 is a correct representation of our splendid little bucket spray pump. Made of seamless drawn brass tubing and strongly built in every respect. 3 feet of good hose with each pump and extra nozzles. Price, \$2.75 each.

Victor Barrel Pump, with patent agitator. The jug, base and bearer are cast in one solid, substantial piece. The handle is long and properly curved to give good

D. A. White & Sons, Feedmen and Seedmen

leverage and a long stroke. The cylinder is made of heavy 16 gauge seamless brass tubing and screws into the top cap. All of the parts exposed to the spray material are made of brass or galvanized steel pipe. A solid stream can be thrown 50 to 60 ft. and by using extension pipes all parts of the orchard can be reached. 5 feet of heavy hose with each lead. Price, Fig. 261, with one lead, \$7.50; With two leads \$8.00.

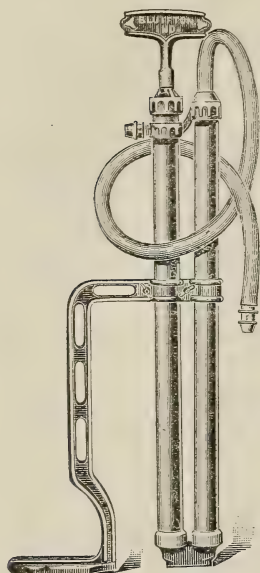

Fig. 262.

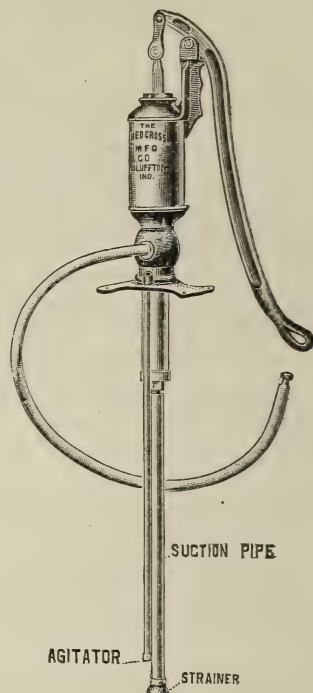

Fig. 261—One Lead.

Aspinwall Sprayers. Tin; One of the most convenient small sprayers for using liquid lice killers, fly remedies, etc. Price, 50c each.

Smith's patent Force Pumps. Just the thing for whitewashing your hen houses, washing windows, and other light work. Tin, 4 nozzles, price \$1.00.

Myers Bucket Pump. This is a very handy pump using a handle instead of a plunger as our No 262. Can be used as a barrel pump. Price \$4.00.

Bee Supplies

Dove Tailed Pine Hives. Description and prices. Order by number, 5 hives at same rate as ten.

255 Commercial Street, Salem, Oregon

No. 1. Dovetailed hive, complete with one super. Consists of 1 bottom board, 1 body, 1 super, 1 cover, 8 Hoffman brood frames, 1 division board, 6 section holders, 24 sections and foundation started for frames and sections and nails.

Nailed, \$2.00 each; per 10 K. D. flat, \$17.50.

No. 2. Hive is the same as No. 1, less sections and foundation starters.

Nailed, \$1.80 each; per 10 K. D. flat, \$15.00.

Western Cedar Hives. No. 1. Same description as pine hives, nailed \$2.00 each; per 10 K. D. flat \$18.00.

No 2. Hive is the same as No. 1 less sections and foundation starters. Nailed, \$1.80 each; per 10 K. D. flat \$16.00.

Dovetailed Supers. No. 1. Pine or Cedar, complete with sections and foundation starters. Nailed each 75c; per 10 K. D. flat, \$6.50.

No. 2. Pine or Cedar, less sections and starters; Nailed each 60c; per 10 K. D. flat \$5.50.

No. 0. Empty, Pine or Cedar, Nailed 35c; per 10 K. D. flat \$3.00.

Section Honey Boxes

Our No. 1. Sections are made of the choicest white basswood lumber, and are all perfect in finish, and free from defects. They are not all snow-white, but vary from that to a light cream color. Choice honey shows off to best advantage in a section not too white, as it is the honey rather than the wood that the consumer looks at. Price, per 100, 70c; per 500 \$3.00; per 1000, \$5.90.

Our No. 2. Sections selected from our best grade sell at a price considerably less than our No. 1, and are correspondingly lower in quality. Most of them are equal to No. 1, except in color, some have dark spots, saw-marks, or other blemishes which exclude them from No. 1 grade. Price, per 100, 65c; per 500, \$2.85; per 1000, \$5.50.

Section Holders

Six section holders with separators, one follower and wedge are put in each super and each section holder holds four one-pound honey boxes. The bottom strip is $\frac{1}{4}$ inch thick, and is cut out to fit insets of sections:

$1\frac{1}{8} \times 18\frac{1}{8}$ inches, slotted per 100, \$2.40. Bottoms only— $1\frac{1}{8}$ inches wide, slotted per 100, \$1.25.

Comb Foundation

Packed in 1, 2, 3, and 5-pound paper boxes, or 25 pounds in a case.

Grade	Square feet per lb.	Lb.
Light Standard Brood.....	6 to 7	60c.
Light Section.....	11 to 12	70c.

If foundation is wanted by mail, add 25c. per lb. up to 2 lbs. and 20. per lb. over 2 lbs.

Hoffman Brood Frames

The Hoffman Improved Foundation Fastening Frames are the latest and best brood frames out. The top bar is made with a beveled strip which holds the foun-

D. A. White & Sons, Feedmen and Seedmen

dition absolutely in place, perfectly straight and exactly in center of top bar. Any one can put foundations in these new frames very rapidly. Price Hoffman Frames, per 10, 35c; 100, \$3.00.

Hive Parts

Division Boards,	each 10c; 10, 90c
Followers and Wedge,	each 5c; 10, 35c
Tightening Spring,	each 1c; 10, 8c

Separators

One separator should always be placed between each section holder so that the bees will build the honey comb even in each section. Slotted Wood Separators, 4½ x18, per 100, 75c.

Bee Veils

Hat Veils. These veils have a rubber band around the top, so as to fit the hat snugly. The lower edge is bound, to prevent fraying. The kinds of material are given below. Price List (Postpaid)

No. 2 Veil, cotton tulle with silk tulle face	50c.
No. 3 Veil, cotton tulle throughout.....	40c.

Gloves, Rubber

Rubber Gloves for the protection of the hands and wrists are almost indispensable in handling bees.

Ladies', sizes 7, 8 and 9, Price, \$1.15; by mail \$1.25.

Gents' sizes 10, 11 and 12, Price, \$1.25; by mail, \$1.35.

Men's half long, sizes 13, 14 and 15, Price, \$1.50; by mail, \$1.60.

Men's half long, heavy, sizes 13, 14 and 15, Price, \$1.75; by mail, \$1.85.

NOTE—To insure getting proper size, mark outline of hand on sheet of paper. If you order by number, order two sizes larger than you require in kid.

Bee Brushes

Coggschall's. For the wholesale brushing of bees off combs when extracting, we do not hesitate to pronounce this the best. Price, 20c; by mail 25c.

Daisy Foundation Roller

Used for fastening brood foundation to the top bar in the brood frames. It has been modified so that it is adapted to the new style, moulded top-bars. Price, 20c; by mail, 25c.

Spur Wire Imbedder

This is like a tracing wheel, with the teeth set so as to straddle the wire while imbedding it. Price, by mail, 20c.

Bee Entrance Guards

ROOT'S OR TINKER'S

These are to admit workers, and to exclude drones. After the drones are all out, fix the guards over the entrance, and at night the drones can be destroyed. Price, 10c; by mail, 15c.

Porter Bee Escape

No well-regulated apiary can afford to be without bee escapes and more than it can afford to be without a bee smoker. The Porter is very much the best. In taking off the honey it is the greatest labor-saver that has been introduced in late years. It avoids "breaking the back" in shaking heavy supers to get the bees out; does away with the cruelty of smoking the bees. There is no need of receiving a single sting, and toppers stand no show whatever. All that is necessary is to slip an escape board between the super and brood-nest or main part of the hive (say toward night), on each of the colonies from which you desire to remove the honey. Price, 20c, postpaid. Mounted, each 40c (can not mail).

No. 30 Tinned Wire

Per spool, 10c each, postpaid.

BEE SMOKERS

Clark's Cold Blast. Probably the most popular smoker in use today is the cold blast, although many are now changing to the hot blast, claiming that they are more effective. The Clark is the best lowpriced smoker. Price, 60c; by mail, 75c.

Improv'd Corneil. It is neat in appearance and does not topple over easily. Makes a good strong blast, with little work. Very substantial.

Price, Standard size, 3¼ inch \$1.00; by mail, \$1.25.

Junior, 2½ inch,90; by mail, \$1.10

Vesuvius. This is a practical working hot-blast, breech-loading smoker. Easy to fill and light; does not go out, makes a good, clean smoke without sparks. This is comparatively a new smoker, but is becoming very popular. Price, \$1.25; by mail, \$1.50.

Bingham. This is strong and well made, does not clog up, and burns any fuel. It has recently been improved by the addition of a curved snout to prevent fire dropping, and a safety attachment prevents burning the fingers in removing the hot cone for replenishing. The four larger sizes have wide shields; the two smaller have narrow shields. All have wire handle to cone, and inverted bellows. The "Conqueror" and "Doctor" cannot be excelled for use in large apiaries.

	Each	By mail
Bingham, Conqueror.....	\$1.00	\$1.25
Bingham, Little Wonder60	.75
Bingham, Doctor	1.25	1.55
Bingham, Large90	1.10

What Do You Feed ?

Right feeding increases egg yielding and promotes growth. There is absolutely nothing better on the market than the

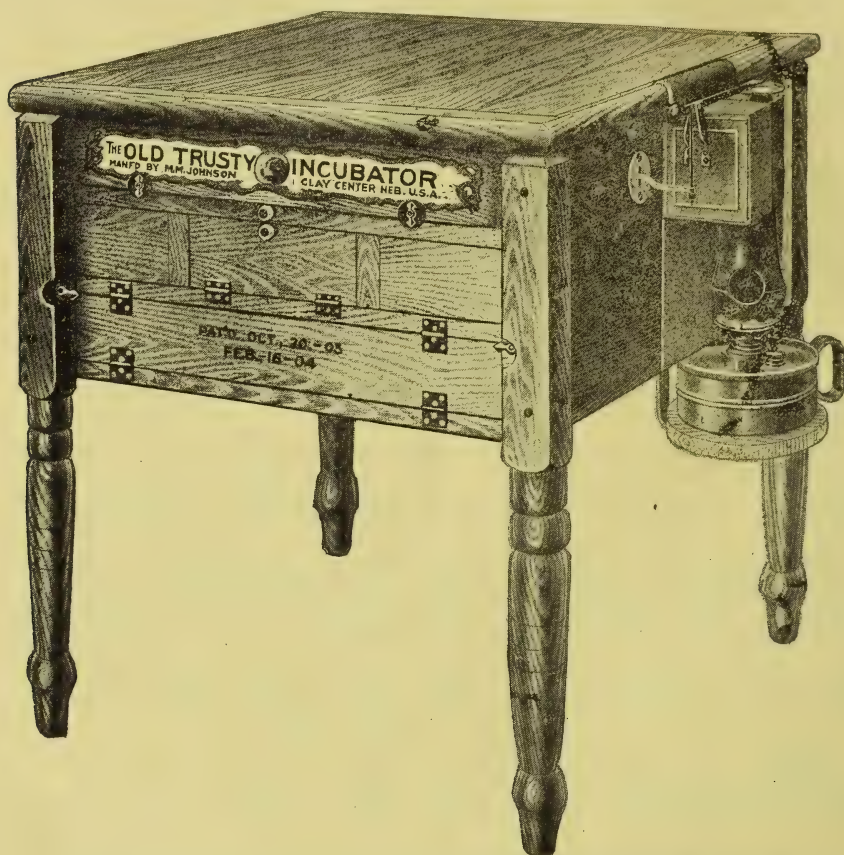

Prussian Poultry Food.

Its use means strong, healthy poultry, more eggs and more money for you. Try it once.

D. A. White & Sons, Feedmen and Seedmen

The Famous Old Trusty Incubator

This is, without doubt, the most satisfactory incubator sold on the market. Sold on a positive guarantee, they have to do the work or your money back. Remember that you have 60 days trial, free. We want you to read the guarantee of M. M. Johnson, the manufacturer. It is certainly a square one.

Guarantee and Terms of Sale

I hereby guarantee the OLD TRUSTY Incubator and Brooder to be as represented in my catalogue, or the machine or machines can be returned and the purchase price will be refunded.

M. M. JOHNSON.

The above guarantee is as brief and to the point as my knowledge of plain English will admit. That it is valid and will hold water will leave it to yourself, or you can submit it to any attorney in the land. It's briefness is what makes it valid. There is no fancy manipulation of words, accents or phrases. Its whole

intent and meaning is to say I wrote this catalogue and hold myself responsible for every representation herein.

My "on trial" plan, like everything connected with my business, is as simple and understandable as I can put it. proposition is this: I allow one trial hatch, and allow 40 days after arrival of the incubator to make it in. If for any reasonable reason the party cannot make the trial hatch in the 40 days, I will extend the time to suit, and if at the end of the first hatch, he or she does not feel certain, I will extend the time or request for a reasonable excuse, and if at the end of the first or second hatch, the machine fails to come up to representations, the party can notify me and I will send shipping instructions and refund the purchase price.

The above is the most open, liberal, fair and square guarantee ever put out, but I will do better still. And even at the end of the third hatch, it will not be too late for a fair, honest person to get the money back through a truthful representation.

After all, our interests are mutual. You want a good incubator, I want the Price. While you hold one I hold the other, or vice versa. I cannot afford to have a faulty machine in your hands any more than you can to have it. Fair and square dealing is all either of us want.

Signed, M. M. JOHNSON

Why you Should Buy the Old Trusty

Because, They were invented and patented by a practical incubator and brooder manufacturer and an experienced poultry fancier.

Because, The new copper pipe heating system is full size of egg chamber and extends to the full depth of all four corners, no cold corners or hot centers.

Because, The perfect rapid circulation of warm water and greater heating surface to boiler also the patented jacket enclosing boiler saves from 15 to 50 per cent. of the kerosene used in other kinds, no need of turning the lamp high.

Because, The machine we ask you to buy is one that made the record mentioned throughout this catalogue. You are not asked to buy a name. OLD TRUSTY is a dog's name. When you buy an OLD TRUSTY INCUBATOR you buy one you can trust, you can trust it because it never fails to do the work.

Because, There is no fol-de-rol attachments to the lamp burner that add to the danger instead of safety. The Miller cold glass safety burner, chimneys that do not choke the blaze or cause it to smoke, sensible, rustless, seamless oil bowl, with a depression on top for holding water, thus making it impossible for the burner to overheat, explode or ignite the oil.

Because, The trays run in double slides, thus making it self-supporting even though nearly removed from the egg chamber, a feature not in many if any other incubator, yet a convenience and safety that is much appreciated by the operator.

Because, The regulator comes already attached and connected, counterbalanced within itself, is set by a single adjusting nut which is clear outside the egg chamber, no frail top levers on the lid. The lid is clear and makes an ideal place to set the tray while turning or airing the eggs.

D. A. White & Sons, Feedmen and Seedmen

Because, Both incubator and brooder are covered with U. S. Patents that not only protect me but every customer. The patents are not on a nail, hinge, screw-head or some immaterial thing but on the vital parts of the machines.

Because, I am an individual manufacturer. No one can countermand my promises, substitute their ideas for my own in the construction of machines or manner of doing business. Being an individual, instead of a corporation, not a dollar's worth of my property is exempt from my obligations.

Because, The OLD TRUSTY Incubator's worth is in its high per cent. hatches, ease of operation, durability, economy in use and respectable appearance and not in blow-hard personal statements about other things. It is the inside of an incubator that does the hatching and it is mostly a question of temperature. My patent copper pipe heating system for incubator discharges the hot water to opposite end of egg chamber instead of lamp end as with the old style, out dated, patent that so many pretend as their own invention. No back number things in the OLD TRUSTY Incubator has no other name, has not run its course in the mail order business and sold through mail order houses, poultry concerns, seed houses and various concerns under different names.

Because, I have been making Incubators for years and am not a corporation of men hunting an investment and devoid of poultry or Incubator experience.

Signed, M. M. JOHNSON, The Manufacturer.

If you are thinking of buying an Incubator, send for the large catalogue. The OLD TRUSTY CATALOGUE is one of the finest catalogues printed. It will give you the full description and show you how it operates and how you can make the chicken business pay.
